

TRACY N. BURTON BRAVO

She/her

+1 (916) 349-5523 tracynburton@gmail.com St. Louis 63118, MO

Github: <https://github.com/tracybrtn/> LinkedIn: <https://www.linkedin.com/in/tracybrtn/>

Portfolio: <https://tracybrtn.github.io/react-portfolio/>

Full stack web developer and global affairs graduate with an extensive record of teamwork and leadership experience. Motivated and reliable professional who thrives in fast-paced, dynamic environments. Transnational citizen, bilingual English and Spanish speaker, family genealogist.

Skills

HTML5, CSS, JavaScript, Bootstrap, DOM manipulation, jQuery, JSON, AJAX, PWAs, Object-Oriented Programming, Node.js, NPM, Express.js, Handlebars, Jest, Git, MVC paradigm, MERN, State, React.js, Apollo Server, SQL, Sequelize, MySQL, Mongoose/MongoDB, RESTful APIs, GraphQL, Insomnia

Projects

The Little Altar

Front-end application and art project where genealogy meets coding. A site that showcases both my website developer skills and my genealogy research.

Site: <https://github.com/tracybrtn/little-altar/> | Repo: <https://tracybrtn.github.io/little-altar/>

React, Node.js, Bootstrap

The Sun Hotel

Worked in a team of four developers to build an application using the MERN stack to provide a platform for potential customers to book and manage their reservations at the Sun Hotel in Ho Chi Minh City, Vietnam.

Site: <https://the-sun-hotel-hcmc.herokuapp.com/> | Repo: <https://github.com/tracybrtn/the-sun-hotel>

GraphQL, Apollo Server, MongoDB, Express.js, React, Node.js, Heroku

Team Profile Generator

Node.js command-line application that takes in information about employees on a software engineering team and generates an HTML webpage that displays summaries for each person.

Repo: <https://github.com/tracybrtn/team-profile-generator>

Node.js, inquirer, jest testing, MySQL
